

MISSION CONVENTION

- ▶ To provide each student a diverse and all-round education in a safe, supportive environment that promotes self-discipline, motivation and excellence in learning.
- ▶ To strike a balance between moral, spiritual and vocational instruction.
- ▶ To sharpen those perceptions that contribute to global cohesion, a scientific temper with an independent mind and spirit.
- ▶ To develop total personality of the students and pave the way for an educational system seeking to produce an ideal citizen and a total human being.

*Education is the key to unlock
the golden door to freedom.*

Sai Grace Academy enables students to develop a realistic approach to life where responsibilities must be assumed, failures accepted and tragedies lived through, without losing sight of an inspiring idealism. Within this context, they learn to love and respect all the members of the society without any distinction of colour, caste, sex or religion. It endeavours to teach lasting values so that the students can contribute positively to their local and world communities.

OBJECTIVES

- » To build a firm foundation of learning and knowledge essentially required to enable the students to pursue career of their choice with excellence.
- » To develop self-confidence through a sense of responsibility and leadership in every walk of life.
- » To develop total personality of the students and encourage them to look beyond the beaten tracks.
- » To develop today's immature children into mature, responsible, well-rounded and successful citizens of the future.
- » To inculcate in the students a sense of mutual respect, universal brotherhood, love and affection with respect for elders.

" We provide an environment that encourages active learning through methods that motivate the child to achieve the best "

PHILOSOPHY OF THE SCHOOL

The deep rooted philosophy of the school is “Fine blend of Academics, Sports & Co-Curricular Activities” and to achieve this goal to the fullest, equal emphasis is being laid on all three aspects and instruction, training and coaching are being provided to the students by trained and qualified teachers and coaches who have got the ocean full of experiences in their respective fields and thus enable the students to become versatile and multifarious personalities.

INFRASTRUCTURE

THE FACULTY

Students have unique needs and must receive unique instructions. This job is best done by the teachers who can paint great pictures in the minds of the young students and who can travel comfortably with them because they understand their needs. Highly qualified, experienced and dedicated teaching staff takes pleasure in helping students to gain knowledge and skills with taking care of what children needs to learn.

" Where Learning is a Celebration"

CLASS ROOMS

The airy and spacious class rooms are well-designed, subject-oriented with plenty of natural light and ventilation that can comfortably accommodate 25 students with ample working space. Further, each class room has a computer connection with internet access and is monitored by close circuit cameras.

In addition to class rooms, the building also has a library with reading room, computer labs, science labs, mathematics labs, music room, dance room, drama room, activity room, teacher resource room and much more. The pre-primary section has a separate library and computer room for the toddlers.

LIBRARY

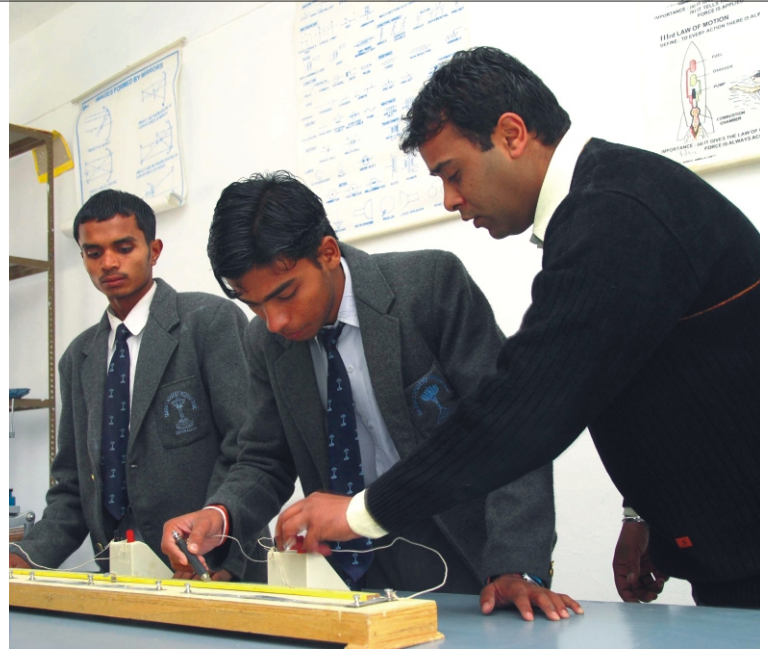

An ultra modern computerized library acts as a resource centre equipped with a large number of volumes of books for the benefit of students and staff. Besides acting as a comfortable and ideal platform for self study, it also has a treasure of a variety of resource materials like journals, magazines, compact discs, audio and video cassettes, computer software and multimedia stations which accelerate the growth process.

Students have access to both Indian and foreign origin reading material. Thus, good reading habits are inculcated in the students at SAI. It also has a separate seating arrangement for students of primary classes and having a separate library for pre-primary classes.

LABORATORIES

The school has well equipped laboratories for different streams of science with excellent facilities for practical work. The children get hands-on experience which complement the theoretical knowledge.

COMPUTER LAB

Small opportunities are often the beginning of great achievements. Knowledge of computer is imparted to the students right from the primary section. The separate computer lab for primary and secondary students are equipped with ultra modern and latest hardware and software. Well-trained, competent and experienced teaching staff give ample guidance and cater to the needs of the students. Internet access to source websites and other

information for educational purposes is also being provided to the budding computer scientists.

AUDIO VISUAL LAB

Spacious air-conditioned audio-visual labs are available for the benefit of the students which are utilized for multimedia presentation and for supporting teaching and guest lectures. It also has an excellent collection of films and documentaries based on education for their recreation. These labs also facilitate Computer Interactive Aided Learning.

LANGUAGE LAB

Language is a means of communication. Learning of a language is an ongoing process. The approach now a days is quite scientific and communicative. The language lab consists of a system making use of audio-visual aids and the experts enable the student work under their able guidance for enhancing their vocabulary, proper pronunciation and correct diction. Acquiring linguistic perfection is the basic aim of the language laboratory.

MUSIC ROOM

SGA provides a wide spectrum of opportunities for students in the field of music. We believe that real enjoyment is enjoyment with self, it is not having things, but in having mastery, having victory over oneself. To enjoy the spirit of music, training and guidance in both Indian and western music are imparted with the help of a whole array of instruments.

SEPARATE ROOMS FOR ACTIVITIES

The child can discover, develop and express his/her talent in the fields of art, craft, science, community services, etc. in the activity rooms. Students are given opportunities to make choices and to feel the joy and satisfaction that can be explored in working with others and in serving others.

" Imagination is the voice of daring"

DANCE-DRAMA ROOM

A very convincing form to express one's feelings is through the art of dance and drama. Coaching is being provided to the students to learn all types of dance forms, Indian and western. Drama and theatre interests are also given due importance at SGA.

" We shape global minds & students soul "

ART STUDIO

Practicing art brings peace and a sense of happiness to the young minds. A separate art studio caters to the needs of different types of art from basic drawing, sketching and painting to professional coaching in the same fields.

SPOKEN ENGLISH

As we all know, English has come to stay in our country as the "Language Of Professionals". Not just that, it has also become an international language and bridges the gap among the people from different countries and religions. Many a times, even bright and intelligent young men and women face a lot of difficulty in expressing themselves during interviews/discussions etc. just because they are not well versed with the language. It is easy to mould a child to a perfect shape by learning of language than the grown ups. SAI lays a special emphasis on proper spoken English and the correct method of conversation. Teachers communicate and interact with the children only in English and thus, they pick up the language at an amazing speed and in a natural way.

PUBLIC SPEAKING

Public speaking skills have been known to be very effective in developing confidence, self belief, oratory, leadership and quick thinking skills along with eliminating anxiety and shyness. SAI strives to develop excellent public speaking skills in every student through quiz, debate, elocution, speech, etc.

PERSONALITY DEVELOPMENT AND GROOMING

As the popular belief goes, " First Impression Is The Last Impression ". Personalized grooming is being provided to the students. A certain quality of fitness is added to different age groups wherein manners and etiquettes are taught. Strong emphasis is laid on various aspects of personality development, value-based education, public speaking, conversational skills etc. The above issues are incorporated as a part of the development process. The objective is to empower a student to face challenges of life with confidence, optimism and with his head held high.

CO-CURRICULAR ACTIVITIES

Various Inter-class, Intra-class and Inter-House activities are organised on regular basis for all the classes right from class Nursery onwards so as to explore the hidden talents of the students and to provide them ample opportunities to groom their talents and potentials accordingly.

DAY BOARDING EXPERIENCE

SGA is not just an access to world class academic, cocurricular and extra-curricular activities, it is mainly about giving your child the best experience of life by being together, nurturing & grooming his/her hobbies & interests and innovating new concepts and ideas.

The day-boarding concept at the school takes care of the entire necessities and interests of the child. At SGA, the child has the privilege of enjoying a whole gamut of facilities in the field of academics, sports and co-curricular activities. Your child is provided nutritious and hygenic mid-day snacks, lunch and evening snacks. School buses ply on specific routes for the convenience of the students. Remedial classes are also organised for the students who are weak in certain subjects. They learn the importance of sharing, being together, learning and moving ahead together with confidence.

RESIDENTIAL LIFE

Residential life at SAI is a positive and effective force in constructively channelising and focusing students's energies and broadening their horizons.

Every child finds his 'Home' the best place in the world. It bears the chaos of a living place which is made alive by the characters within. It provides refuge and a place for healing, relaxation, laughter and togetherness. If this is the meaning of a home, the role is well assumed and performed by the boarding house of SAI. It is a residential home replete with the comforts, community life and care associated with a home and it is like 'A Home Away From Home'.

Students of each dormitory are taken care of by a house father or a house mother. They report to the block-in-charge who heads the residential blocks.

Each block has a separate entertainment-cum-leisure room which provides facilities for board games like table tennis, chess, carom etc. A separate unit for television is also available. There is a small in-built library in the hall itself for the students who are fond of reading. There are well maintained and clean sanitary blocks with round the clock hot and cold water supply.

Storage rooms for luggage and footwear are attached to each dormitory. The caretakers help the students to overcome all kinds of difficulties pertaining to academic, personal, co-curricular activities, etc. The School also provides healthy diet special care is taken to provide balanced diet of cereals, Fresh milk, Butter, Cheese, Vegetables & fruits. On the advice of the medical officer special diet is also provided when needed.

The designs of the buildings are perfect to live in harmony with others.

HEALTH AND MEDICAL CARE

The school has on its campus of full-time MBBS lady resident medical officer, who is available for the students all the time. The hospital staff includes trained nurses and nursing assistants.

MMU has its own Medical College and Dental College and also a 750 beds hospital on its educational complex to cater to emergencies and specialized treatment of the student's. Periodical Medical & Dental check-up is carried out by the doctors on regular basis.

SPORTS

The school has excellent sports infrastructure with coaches who impart training in various games & sports and help the students in making their presence felt at different levels of sports competitions and tournaments.

INDOOR SPORTS COMPLEX

A huge indoor sports complex houses facilities for badminton, table tennis, shooting, swimming, gymnastic, aerobics, carom, chess, yoga and meditation, etc.

OUTDOOR SPORTS

Motivation is what gets one started; habit is what keeps one going. Outdoor sports include facilities for volleyball, lawn tennis, skating, football, basketball, kho-kho, martial arts, hockey, etc. The school also caters a 400 meters 8 lane track for athletics.
